2017/06/18

Purpose

To learn to write mathematical equations in LaTeX syntax.

Instructions

In this assignment, you will reverse engineer `target.pdf`. Follow the below steps.

- clone the assignment repository and make a working branch (e.g., `solution` branch);
- read `target.pdf`;
- complete `solution.Rmd` to reproduce `target.pdf` in R Markdown format;
- knit `solution.Rmd`;
- commit `solution.Rmd` and `solution.pdf`; and
- open a Pull Request.
